PROFILE

Enthusiastic and detail-oriented Data Science student with a strong foundation in Python, machine learning, and data analysis. Passionate about extracting insights from data and building data-driven solutions. Quick learner with strong problem-solving skills and a keen interest in analytics and predictive modelling. Eager to contribute to a dynamic team and grow in a professional data science environment.

INTERNSHIP /EXPERIENCE

Data Science &AI - Scope India | (Ongoing)

July 2025–

- Developed and analysed datasets using **Python, Pandas, and NumPy** for data cleaning, preprocessing, and exploratory data analysis.
- Built and evaluated **machine learning models** using algorithms such as Linear Regression, Logistic Regression, and Decision Trees.
- Worked on **data visualization** using Matplotlib and Seaborn to present insights clearly.
- Implemented **end-to-end data science projects**, including data collection, feature engineering, model training, and performance evaluation.
- Collaborated with team members to interpret results and improve model accuracy and efficiency

PROJECTS

College Management System (Minor Project – 2024)

The **College Management System** is a software application designed to manage and automate daily academic and administrative activities of a college. It helps in handling student records, faculty details, courses, attendance, exams, and fees in a centralized system. This reduces manual work, improves accuracy, and saves time.

AI Smart Construction (Major Project – 2025)

AI Smart Construction is an intelligent construction management system that uses **Artificial Intelligence (AI), Machine Learning (ML), and Computer Vision** to monitor, analyse, and optimize construction activities. The system helps in predicting project delays, detecting safety risks, estimating costs, monitoring worker productivity, and improving overall efficiency in construction projects.

TECH SKILLS

PROGRAMMING LANGUAGES	:	Python, Html, Css, JavaScript
DATA ANALYTICS TOOLS	:	Pandas, NumPy, Scikit-learn
DATA SCIENCE	:	Machine Learning
PYTHON FRAMEWORKS	:	Django
DATABASE	:	Sql(Mysql, Sqlite)
DATA VISUALIZATION	:	Power BI, Tableau, Matplotlib, Seaborn

EDUCATION

Bachelor of Computer Science (BSC), 2022-2025

University Institute of Technology Kuravankonam(Kerala University)

Higher Secondary School, 2020-2022

St Joseph Higher Secondary School, Thiruvananthapuram

Secondary School , 2019

St joseph Higher Secondary School, Thiruvananthapuram

LANGUAGES

- ENGLISH
- MALAYALAM
- TAMIL

DECLARATION

I do hereby declare that all the above information is true to the best of my knowledge and belief.
